SOLICITATION FOR PROPOSAL**

Section 1 Overview

A. Purpose

The Employment Development Department (EDD), announces the availability of up to \$900,000 in Workforce Investment Act (WIA) Governor's Discretionary 15 Percent and Wagner Peyser funds through this Solicitation for Proposal (SFP). This SFP is released to assure the continuous operation of the Employment Training Network (ETN) for EDD's Workforce Services Division. The ETN is the vehicle for providing an immediate response resource center to Local Workforce Investment Areas (LWIA) administrative entity staff, One-Stop operators, community-based organizations, and Local Workforce Investment Boards (LWIB). The services to be provided are solely for the benefit of the local level WIA administrators and service providers. The ETN does not provide services for the benefit of State level staff. However, State level staff may submit a request for ETN services on the behalf of a local level entity.

The network arranges for consultant services through cooperative agreements. The ETN staff maintain a lending library consisting of instructional materials, audiovisual materials, transparencies, curriculum guides, learning activity packages, project abstracts, reports, and studies. The ETN also publishes a quarterly newsletter sharing information and showcasing local employment and training best practices.

B. Eligible Applicants

Proposals will be accepted from public, private non-profit and private for-profit organizations. Individuals are not eligible to apply. The applicant must clearly describe its capability to conduct and administer a federally funded project including the ability to collect and report financial data as required. Applicants must also be aware of the state and federal disability laws and procedures for ensuring universal access.

C. Funding

Applicants may submit one application for funding under this SFP. Each application must follow the proposal instructions, which contain further detail and criteria.

Estimated funds available: Up to \$900,000

D. Length of Project

The State expects that the performance period for projects awarded under this solicitation will be two years commencing October 1, 2008.

E. Allowable Uses of Funds

The use of funds awarded in this SFP is governed by the Workforce Investment Act and Wagner Peyser Law and their associated federal regulations, State and federal directives, and federal Office of Management and Budget (OMB) Circulars. Appendices A and C describe the general requirements pertaining to these funds. The WIA 15 Percent Project Requirements are contained in WIA Directive [WIAD02-14](#).

Funds awarded under this SFP cannot be used to purchase real property or to construct buildings.

A. Proposal Evaluation and Recommendation for Funding

Upon completion of the evaluation of SFP responses, EDD reserves the right to make an award without further discussion of the proposals submitted. Therefore, the proposal should be submitted on the most favorable terms from both a price and a technical standpoint which the bidder can propose.

Proposals will be scored and ranked by teams of independent reviewers based on the criteria set forth in this SFP. The scoring value of each section of the SFP is as follows:

Criterion	Points
Narrative Section I–Purpose and Scope of ETN	10
Narrative Section II–Work Plan	40
Narrative Section III–Management and Staffing Plan	15
Narrative Section IV–Experience	40
Narrative Section V–Local Collaboration/Previous Work/References	10
Narrative Section VI–Budget Plan	10
Total Possible Points	125

The ranked scores will serve as the primary basis for making recommendations for funding. Only those proposals deemed to be meritorious and in the best interests of the State will be recommended for funding. The EDD reserves the right to conduct on-site reviews prior to making final funding recommendations. After completion of the evaluation process, funding recommendations will be made to the EDD Director for final funding decision.

It is understood that each proposal will become a part of the official file on this matter without obligation to EDD.

B. Notification of Recommendation for Funding

Following the selection of proposals to be funded, notification will be placed on the EDD Web site and applicants will be notified of the funding decisions. The State expects that the award decision notices will be sent in September 2008.

C. Contracting

The EDD staff will contact the awardee to finalize subgrant details. In some cases, EDD may request that the subgrant incorporate changes to the original project proposal. After the subgrant negotiations, if any, EDD will mail the subgrant agreement to the awardees for signature. All awardees must comply with the subgrant General Provisions and Standards of Conduct, Appendix A of this SFP.

The State expects the contract negotiations to begin mid September 2008, with a project start date of October 1, 2008.

Section 7 Appeal Process

A proposal may be disqualified for not meeting the minimum requirements, and an appeal of that disqualification decision, may be filed. There is no appeal process for not meeting the proposal submission deadline. Final funding decisions cannot be appealed. The minimum requirements, which are listed in Part A of Section 5 of the SFP, are those conditions that must be met in order for the proposal to be forwarded for evaluation and scoring.

The EDD will mail disqualification letters to applicants on September 4. Any appeals must be received in the EDD office designated below by 4:00 p.m. on September 12, 2008. The appellant must submit the facts in writing. The review will be limited to the information provided in writing.

- The full name, address, and telephone number of the appealing party.
- A brief statement of the reasons for appeal, including citations to the SFP and any other pertinent documents.
- A statement of the relief sought.
- Original signature of the authorized signatory authority of the organization.

The appellant must provide a copy of the appeal letter and the supporting documents to EDD's Workforce Services Division. The Workforce Services Division will respond in writing to the appeals no later than September 18. The review will be limited to determining whether the proposal met the minimum criteria of the SFP.

Section 8 Administrative Requirements

A. Monitoring and Audits

The Grantee may be monitored and/or audited by the State, in accordance with existing policies, procedures, and requirements governing the use of WIA and Wagner Peyser funds. The successful applicant will be expected to be responsive to all reviewers' requests, provide reasonable and timely access to records and staff, facilitate access to subcontractors, and communicate with reviewers in a timely and accurate manner.

If the Awardee is a unit of local government, or non-profit entities as defined by OMB Circular A-133, they must ensure that audits required under OMB guidelines are performed and submitted when due. Organizations that are subrecipients under WIA Title I and that expend more than the minimum level specified in OMB Circular A-133 (\$500,000 as of January 1, 2004) must have either an organization-wide audit conducted in accordance with OMB Circular A-133 or a program specific financial and compliance audit.

B. Record Keeping

The Awardee will be required to maintain project and fiscal records sufficient to allow federal, state, and local reviewers to evaluate the proper use of funds. The record keeping system must include both original and summary (e.g., computer generated) data sources. The Awardee will retain all records pertinent to this subgrant for a period of three years from the date of final payment.

C. Reporting

The Grantee must have the capability to report expenditure data to the State, in a manner that is timely, thorough, and accurate. The State has developed a system for reporting data collected by grant recipients. This system, the Job Training Automation (JTA) system, is also used for disbursing cash to grantees. The Grantee will be required to have the approved emulation software for this purpose. See Appendix C for the JTA minimum computer hardware and software requirements.

At a minimum, the grantee must collect and report the required data elements using the JTA system.

The Grantee will compile and submit reports of enrollments, activities, expenditures, and status of cash information by the specified dates and in the specified format as prescribed by the State. The Grantee will be required to submit monthly participant and expenditure reports using the JTA system. (See Appendix C for information relative to system hardware and software requirements.)

All funds awarded under this SFP will follow the WIA reporting requirements available in a series of Information Notices and Directives available on the EDD's [Workforce Services Web site](#). All funds provided under this SFP are subject to revocation by the State in the event of failure to meet the performance criteria or reporting requirements as described in this SFP and the grantee's subgrant agreement.

D. Constraints

Funds may not be used to:

- Replace funding used for already established activities and services.
- Finance activities that are outside the scope of the focused method of service.
- Acquire equipment which is not necessary for the operation of the grant.
- Reimburse project-related costs incurred prior to the effective date of the award.

E. Closeout

A subgrant/line item closeout will be required 60 days after the completion of the grant period. WIA Directive WIAD06-3, WIA Closeout Handbook, provides specific instructions for closeout. Applicants should include costs associated with closeout activities into the budget plan.

F. Independent Audit

An audit by an independent Certified Public Accountant is also required as part of the closeout. The cost of this audit must be considered in planning the budget for this project.

G. Compliance

All funds are subject to their related State and federal statutory and regulatory requirements. These requirements are detailed in governing documents that include, but are not limited to, the WIA and Wagner Peyser and its associated federal regulations, including Title 29 of the Code of Federal Regulations, federal and State WIA directives, and OMB Circulars. Refer to Appendix B, *Internet Resources*, for a list of useful Web sites.

- h) Each party shall provide its employees with access to confidential information with written instructions fully disclosing and explaining the penalties for unauthorized use or disclosure of confidential information found in section 1798.55 of the Civil Code, section 502 of the Penal Code, section 2111 of the Unemployment Insurance Code, section 10850 of the Welfare and Institutions Code and other applicable local, state and federal laws.
- i) Each party shall (where it is appropriate) store and process information in electronic format, in such a way that unauthorized persons cannot reasonably retrieve the information by means of a computer.

- j) Each party shall promptly return to the other party confidential information when its use ends, or destroy the confidential information utilizing an approved method of destroying confidential information: shredding, burning, or certified or witnessed destruction. Magnetic media are to be degaussed or returned to the other party.
- k) If the Subgrantor or Subgrantee enters into an agreement with a third party to provide WIA services, the Subgrantor or Subgrantee agrees to include these data and security and confidentiality requirements in the agreement with that third party. In no event shall said information be disclosed to any individual outside of that third party's authorized staff, subcontractor(s), service providers, or employees.
- l) The Subgrantee may, in its operation of the One-Stops, permit a One-Stop Operator to enter into a subcontract to manage confidential information. This subcontract may allow an individual to register for resume-distribution services at the same time the individual enrolls in CalJOBSSM. Subgrantee shall ensure that all such subcontracts comply with the intellectual property requirements of paragraph 19 of this Subgrant, the confidentiality requirements of paragraph 20 of this Subgrant and any other terms of this Subgrant that may be applicable. In addition, the following requirements must be included in the subcontracts:
 - (1) All client information submitted over the Internet to the subcontractor's databases must be protected, at a minimum, by 128-bit Secure Socket Layer (SSL) encryption. Clients' social security numbers must be stored in a separate database within the subcontractor's network of servers, and protected by a firewall and a secondary database server firewall or AES¹ data encryption. If a subcontractor receives client social security numbers or other confidential information in the course of business, for example a resume-distribution service that provides enrollment in CalJOBSSM, social security numbers must be destroyed within two days after the client registers for CalJOBSSM. If a subcontractor obtains confidential information as an agent of the subgrantee, the subcontract must specifically state the purpose for the data collection and the term of records retention must be stated, and directly related, to the purpose and use of the information. In accordance with 29 Code of Federal Regulations 97.42, social security numbers and other client specific information shall not be retained for more than three years after a client completes services. The subgrantee should extend this period, only if any litigation, claim, negotiation, audit, or other action involving the records has been started before the end of the three-year retention period. In this case the records should be maintained until completion of the action and resolution of all issues arising from it, or until the close of the three-year retention period, whichever is later. (29 CFR sec. 97.42 (b)(2).)
 - (2) Client information (personal information that identifies a client such as name and social security number) and/or demographic information of a client (such as wage history, address, and previous employment) shall not be used as a basis for commercial solicitation during the time the client or agency is using the subcontractor's services. Client information and/or demographic information shall not be used for any purposes other than those specific program purposes set forth in the subcontract.

- (3) A One-Stop client must still be given the option to use the One-Stop's services, including CalJOBSSM, even if he or she chooses not to use any services of the subcontractor. This option shall be prominently, clearly and immediately communicated to the client upon registration within the One-Stop or for CalJOBSSM, the subcontractor's resume-distribution services, or any other services subcontractor offers to the client or the One-Stop Operator.
- (4) The subcontractor must clearly disclose all of its potential and intended uses of the client's personal and/or demographic information for the services the clients seeks and for any other services the subcontractor offers. The subcontractor shall not use a client's personal and/or demographic information without the client's prior permission. A link to the subcontractor's Privacy Policy shall appear prominently on the registration screens that list the potential and intended uses of the client's personal and/or demographic information.
- (5) When the Subgrantor modifies State automated systems such as the State CalJOBSSM System, it shall provide reasonable notice of such changes to the Subgrantee. The Subgrantee shall be responsible to communicate such changes to the One-Stop Operator(s) in the local area.
- m) Each party shall designate an employee who shall be responsible for overall security and confidentiality of its data and information systems and each party shall notify the other of any changes in that designation. As of this date, the following are those individuals:
